Important Information

- We suggest you spend a short time reading through this leaflet and then follow the simple step-by-step instructions.
- Carefully check that you have all the parts before beginning assembly.
- Keep fittings out of children's reach and keep children well away from construction area.
- We suggest you retain these instructions for future reference.

Care Instructions

- Avoid exposing the furniture to excessive heat or direct sunlight as this can cause cracking or deterioration of the color.
- Periodically check & re-tighten any screws and fixings.
- Periodically dust lightly with a clean soft cloth.
- TAKE CARE WHEN MOVING THE FURNITURE AND NEVER DRAG THE PIECES ACROSS THE FLOOR, AS THIS WILL CAUSE DAMAGE TO THE JOINTS.

Tips before you start!

1. Please check that all parts are present before you start the assembly of your furniture.
2. For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you identify all the parts required for that step.
3. For larger items, please ensure that you have sufficient space and people (as indicated on page 1) to assemble your product safely. (Minimum Two Persons)
4. We recommend where possible, all items are assembled near to the area where they will be used, to avoid moving the product unnecessarily once assembled.
5. Please ensure that your bed is placed on a level floor area. (Avoid setting up and installing your bed on uneven floor surface)
6. For the protection of your furniture, we recommend that the product is placed on a protected surface during assembly to prevent any damage.
7. During assembly please take care not to over-tighten any fittings, as this may damage the product.

Care and Maintenance of your Furniture

- Please periodically check all fittings and re-tighten as necessary.
- To clean your item, please use a soft damp cloth and wipe clean.
- Please do not jump on your furniture.
- Never allow any kind of liquid to remain on your furniture. This can cause finishes to de-laminate. Take care when spraying Perfume and deodorants etc as the vapour can settle on the surface and cause damage.
- Periodically check the condition of your bed slats to ensure they are in good condition and have not become loose.
- It is important to never drag your bed as this can cause damage to the joints and the fixings. This may invalidate your guarantee.
- The bed should always be lifted into position or if moved for cleaning. Do not attempt to drag the bed across the floor.
- Periodically check the central support legs are perfectly upright and supporting the centre rail.
