## **supreme** comfort by Silentnight

### **long lasting comfort & durability**

The supreme comfort range includes six double sided mattresses which ensure longer lasting comfort and extra durability.

They guarantee a more even weight distribution and ensure you get a longer lifespan from your mattress. Our mattresses have quilted handles on either side, making it easy for you to turn and rotate.

For the first three months we recommend turning it over once a week and after that once every few months.

# supreme comfort

by Silentnight

## Our unique EcoComfort Fibre™ comfort layer is made with sustainable fibres, for a breathable and refreshing sleep.

Did you know our body needs to drop a couple of degrees in order to access quality sleep, with the ideal room temperature being 19 degrees - the EcoComfort Fibre™ allows air to pass through, transporting heat and moisture away from the body to help you get to sleep and is perfect for hot sleepers.

As well as being hypoallergenic, it's also foam and chemical treatment free, for a healthier sleep environment that's good for the environment.

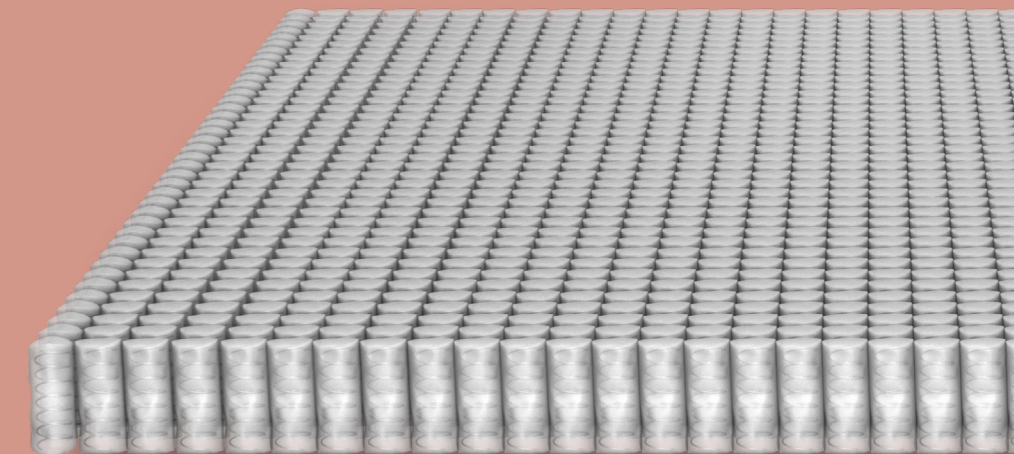

## support system

Mirapocket® makes up the core of the mattress and is key to comfort, support and sleep quality.

### Mirapocket®

Our Mirapocket® support system offers zoned support and luxurious comfort that's tailored to you.

- Individual, responsive pocket springs conform and adjust to your body weight. Working independently (like piano keys) they spread weight and pressure evenly, whilst adjusting to your movements through the night, resulting in luxurious comfort and support that's personal to you
- As each Mirapocket® spring acts independently to all of the other springs in the mattress, when you twist and turn throughout the night, your partner won't feel a thing and can continue to enjoy a peaceful night's sleep
- Your mattress should give you all the support you need and not be the reason you're constantly aching. Our zoned support system has been scientifically proven to improve your spinal alignment and posture, so you can finally say goodbye to those niggling aches and pains
- Whether you're a front, back or side sleeper, all of our Mirapocket® support systems are designed with a firmness rating to suit your sleeping position
